Blue Monster™ PTFE Thread Seal Tape

Blue Monster PTFE Thread Seal Tape is a thicker, denser, general-purpose thread seal tape that comes in a monstrous 1,429" roll. That's 5 times more tape than conventional rolls of low-density thin tapes. Fewer wraps are necessary to affect a leak-proof seal and it applies easily. No waste and no re-taping make sealing joints a breeze.

Blue Monster thread sealing tape is manufactured from PTFE resin, a polymer consisting of recurring tetrafluoroethylene monomers whose formula is (CF₂-CF₂)_n. It is inert and compatible with a very wide range of materials. Use Blue Monster on threads made from galvanized steel, iron, brass, copper, aluminum, stainless steel, polyethylene, polypropylene, PVC, CPVC, ABS, fiberglass and more.

Blue Monster Compression Seal Tape

BLUE MONSTER LLFA Compression Seal Tape is designed to stop problem leaks, even while under pressure, without turning off the water source! It is designed for crisis and long-term applications. BLUE MONSTER Compression Seal Tape features self-fusing layers that create a waterproof seal up to 150 PSI on any type of rigid piping such as: galvanized, cast iron, copper, plastics, and rubber. It does not contain any adhesives, it simply seals by use of compression. The tape is pulled tight to create a chemical reaction that fuses the layers into a mass of silicone.

Blue Monster® Heavy-Duty Industrial Grade Thread Sealant with PTFE

BLUE MONSTER PTFE pipe thread sealant is formulated with PTFE resin, a polymer consisting of recurring tetrafluoroethylene monomers whose formula is (CF₂-CF₂). It is inert and compatible with a very wide range of materials. Use Blue Monster on threads made from all metals, PVC, CPVC, ABS and nylon plastic pipe systems.

Now available in a convenient 2 ounce squeeze tube. Specially formulated for extra lubrication on metal pipe threads. Ideal, compact size for any tool box or storage bin. Non-hardening, slow-drying soft-set formula is non-toxic and grit free.

Pipe Sealant

PART#	DESCRIPTION
